Committed to your needs...

Donna came into the real estate field with a strong work ethic and well developed negotiation skills she learned from her father. With over 25 years of experience and millions in closed sales Donna believes going beyond the call of duty is a standard every client deserves. Donna is well known for having her clients best interests at heart in every transaction and ensuring every customer's experience is so satisfying that it is worthy of referrals.

Donna enjoys her work very much but also enjoys time off with her family. Donna lives on the southwest side of Lexington. She is married with 2 children and a true animal lover to say the least. Donna understands the time restraints of life and trying to purchase a new home and will be patient and informative.
